

THE VETERAN LEADER MAGAZINE

Dear Members, Supporters and Friends:

I am sure everyone is aware of the Economic Crisis the World is in and The Veterans of the Vietnam War, Inc. & The Veterans Coalition is just like everyone else, looking to hunker down and work through this Crisis.

So we have decided to delay publishing in hard copy the *Veteran Leader* Magazine, however, we will be publishing the magazine online at our websites:

<http://www.vvnw.org> and/or <http://www.theveteranscoalition.org>

We must continue our services to Veterans and we will have to prioritize for the near future so that we obtain the best bang for our buck.

I do understand it is great to receive the magazine and sit back and flick through the pages, read the articles and information. However, we all have to live with a few changes until the world economic situation improves.

For those without a computer, please go to the local library and you will be able to look at The *Veteran Leader* Magazine online.

We will update The *Veteran Leader* frequently and we would ask that those submitting editorials please continue to do so. Please be patient.

We will keep you informed via the website as the situation changes and we look forward to your continued support.

Please remember, you can support the Organization's programs such as "Supporting Our Troops, and the United Veterans Beacon House and Operationally by donating through the 501(C)3, The Veterans Fund of the United States and 100 % of your donation is tax deductible and is provided to the programs.

So just [click here](#) and view or print The *Veteran Leader* magazine.

You will need the Acrobat Reader to view the Veteran Leader on line. If your computer needs it you could download it for free [here](#).

Yours in Brotherhood.

Peter J Forbes

Editor, U.S. & Australian Commander
